

- Tailor-made :** Build your own instrument set from a portfolio of 1200 instruments which allows surgeons to prepare ahead of time for success
- Simplify :** Reduce number of SKU's which contributes to a better work environment for all stakeholders
- Constant quality :** HASA Optix offers a quality equivalent to reusable devices allowing surgeons to use them constantly
- Environmentally friendly :** Instrument sets are presented in a paper pouch avoiding heavy plastic inserts (only one pack and one sterilization)
- Circular economy :** We are building a recycling program to give a second life to the stainless steel our instruments are made of
- Cost controlling :** We are offering integrated solutions to allow the circulation of a fixed cost per surgical act

*You want to do a peripheral vitrectomy?

We recommend you to add the Double ended scleral indenter
